

Mi True Wireless Earbuds Basic 2

ID: 28592 SKU: BHR4272GL

True Wireless Stereo

- Mi True Wireless Earbuds Basic 2 let you listen to music and call without annoying tangled cables.

Automatic Pairing

- After an easy setup is done, the earbuds will automatically connect to your device when they are taken out from the case.

One-Button Control

- The onboard buttons let users control the music and calls with ease and without worry to accidentally activate them.

Improved Stability

- The earbuds come with a much improved stability powered by the upgraded Bluetooth 5.0 processor.

Comfortable Fit

- The ergonomic design ensures a comfortable and secure fit when you wear the earbuds while doing yoga or cycling.

Voice Assistant

- By clicking the button twice, you could activate the voice assistant for help, like asking for direction, checking schedule, and more.

Single-Ear Mode

- When only one earphone is used, the device connection will switch automatically. There is no need to pair again.

Compact and Portable

- The lightweight design lets you feel nothing but only music in your ears. It weighs only 4.1 grams for one earbud.
